INTRODUCTION

The Office of Planning and Institutional Research (OPIR) of the University of Puerto Rico in Ponce is pleased to present this **Annual Institutional Data Profile (AIDP) 2017-2018**. It was designed to provide the university community commonly sought information about our Institution.

Institutional renewal results from the thorough review and used of relevant qualitative and quantitative data drawn from all segments of the institutional community. The data compiled in this **AIDP 2017-2018** helps governing boards, administrators, faculty, non-teaching personnel, the community members, and other institutional constituencies in answering questions about institutional effectiveness, determining how committed the institution is to achieving mission and goals, and implementing its Strategic Plan. This publication can facilitate the assessment of academic programs and services, institutional assessment, proposal writing, and accreditation processes.

Together with other offices and academic departments, OPIR compiled and prepared this **Annual Institutional Data Profile 2017-2018**. The information contained within this volume includes text, statistical data, and graphs of student applications, admission and enrollment trends, annual grades distributions, degrees conferred, and time to degree by academic programs. It also includes the faculty profile, resources, fiscal expenditures, budget and salary costs, and the distribution of the Institution's physical facilities.

Special thanks to Mrs. Rosa Torres, Institutional Research Assistant III for compiling the information, preparing the visuals, and producing and editing the final document. This document involved the work of institutional personnel who strongly contributed to document this Profile. Our special thanks for their support and compliance with our request for information.

We hope that this document provides a wide variety of readers with useful and easy to understand information. Any questions concerning to the material contained in this publication should be directed to this Office. We appreciate both positive and constructively critical comments you may have for improving future editions.

*Jennifer Alicea Castillo, Ed. D.
Director Office of Planning and
Institutional Research*

THE UNIVERSITY OF PUERTO RICO IN PONCE

The UPR-Ponce is part of the UPR system and is the only public institution of higher education in the southern part of the island. Established as Ponce Regional College in 1969 and accredited by the Middle States Association since 1970, originally authorized to offer associate degrees and transfer programs, but added a number of baccalaureate degree programs beginning in the 1980s. It is located in the city of Ponce in the southern coast of Puerto Rico, approximately 67 miles from the capital city of San Juan.

The **Middle States Association/Council on Higher Education (MSCHE)** accredited the UPR-Ponce in 1975, reaccredited it in 1985 and 1995, and reaffirmed accreditation in 1980, 1990 and 2000, 2005, and 2016. In June 2010, the institution submitted its Periodic Review Report. During the academic year 2015-2016, the institution received the reaccreditation visit.

In 2009, the **Commission on Accreditation in Physical Therapy (CPATE)** re-affirmed accreditation for the Associate Degree Program in Physical Therapy. **The Association of Collegiate Business Schools Programs (ACBSP)** accredited the Business Administration Program and the Office Systems Program; the **National Council Association of Teacher Education (NCATE)** accredited the Elementary Education Program in October 2008 and in 2014 by the **Council for the Accreditation of Educators Program (CAEP)**. All the programs from the Engineering Department were accredited on 2013 by the **Accreditation Board of Engineering and Technology (ABET)**. In addition, the **Association of College and Research Libraries (ACRL)** favorably evaluated the Adelina Coppin Library in 2008, while the **International Association of Counseling Service (IACS)** accredited the Guidance and Counseling Program in 2010 and in 2016 re-accredited it. Finally, the Computerized Sciences Program was accredited by the **Computing Accrediting Commission** that is part of **ABET**.

At present, the institution offers twelve bachelor degrees, four associate degrees, and fifty-two articulated transfer programs to other UPR campuses. Total headcount enrollment for fall 2017-2018 was 3,149, approximately fourteen percent (14%) less than the average 3,373 for the previous five-year period. Approximately ninety-three percent (93%) of the student population studies full time, 79% receives some form of financial aid, and 58% is female. Eighty

percent (80%) of the student body belongs to bachelor degree programs, 7% to technical programs, and 10% in transfer programs. The remainder 3% was classified in other categories.

Approximately 228 faculty and 215 non-faculty staff members serve the student body. On average, the student/faculty ratio is 23:1. The 2017-2018 faculty profile revealed that 48% of faculty teaches full-time. Forty-four per cent (44%) has doctoral degrees. Twenty percent (20%) of faculty holds the rank of professor, 10% associate professor, 31% assistant professor, and 39% instructor. UPR-Ponce has an operational budget of \$23,696,379 for academic year 2017-2018.

- Total Faculty: 228
- Total Non-Faculty Staff: 215

OUTSTANDING FACTS

This section gathers the most outstanding facts for this year's edition of the UPR-Ponce Annual Institutional Data Profile. This information covers academic, student, and administrative areas of the Institution for academic year 2017-2018. Among the most outstanding facts that emerge from this statistical information are the following, analyzed for the first semester of academic year 2017-2018.

- ✓ UPR-Ponce total headcount enrollment was 3,149; as compared to last year's enrollment, it evidences a decrease of thirteen percent (13%).
- ✓ In five years, technical program enrollment increased by 2%, transfer program decreased by 7%, and baccalaureate program enrollment increased by 3%.
- ✓ Eighty percent (80%) of 2017-2018 total headcount enrollment belongs to Baccalaureate degree programs, while 7% belongs to Associate or Technical Degree and 10% to Transfer Programs of total headcount enrollment for the first semester.
- ✓ If compared to previous year, Technical Programs' total enrollment decreased by 23%, transfer program decreased by 26% and baccalaureate program decreased by 10%.
- ✓ Compared to previous year, Articulated Transfer Programs with the highest enrollment increased were Chemistry and Electrical Engineering. Their enrollment augmented by 25% and 24%, respectively.
- ✓ Total headcount enrollment decreased by 9% for the second semester of this academic year.
- ✓ The student retention rate was 74%. It declined 10% if compared to the previous year.
- ✓ The past five-year average retention rate is 81%.
- ✓ The baccalaureate program with a higher retention rate is Athletics Therapeutic with 82%.
- ✓ The technical program with a higher retention rate (81%) is Physical Therapy.
- ✓ The six-year overall graduation rate is 41%; it decreased 7% if compared to previous year.
- ✓ Graduation rate's Bachelor sub cohort is 45%. It shows an increase of 7%, if compared to previous year.

- ✓ Ninety-six percent (96%) of incoming freshmen entered with a high school index that fell between 3.00 and 4.00.
- ✓ Seventy-two percent (72%) of incoming freshmen came from the public school system.
- ✓ The greatest number of baccalaureate degrees conferred (444) this year belonged to the Biomedical Sciences program, which constituted 17%.
- ✓ Of all technical degrees conferred (46), the greatest number of degrees granted belongs to Physical Therapy program, which constituted 48%.
- ✓ Total degree conferred increased by 9%, if compared to previous year.
- ✓ Seventy-nine percent (79%) of this academic year's total enrollment received some form of financial aid.
- ✓ Fifty-four percent (54%) of the 2017-2018 UPR-Ponce faculty hold a master's degree, while 44% hold doctorate degrees, and 1% hold a bachelor's degree.
- ✓ Faculty average teaching load for academic year 2017-2018 ranged from 12.00 to 15.68 credit hours.
- ✓ UPR-Ponce's budget for 2017-2018 was \$23,696,379, evidencing a decrease by 10%, if compared to previous year budget.
