

### Survey form the College Board of Puerto Rico

Another way to know how the EPP is performing is by looking at the data from the Academic and Socioeconomically Survey that students answer when taking the State Licensure Test. The following four questions related to the EPP are part of the survey (questions 15, 16, 17 and 19). This data came from 122 students (n=122) that took the test on 2017 (n=44), 2018(n=35) and 2019 (n= 43).
